## MTHS PTC – SAT/ACT Prep Programs

For 2019 - 2020 School Year

This program is designed by **SAT by MBA Learning Center** to offer students the ultimate solution to advance their SAT scores efficiently and effectively. Each verbal class includes reading/writing and a touch of the optional essay tips. You may register for only the verbal or only the math session; however, it is highly recommended that you register for both. If the following class dates do not fit your schedule, you may contact us to arrange SAT/ACT private or group lessons that better fit your schedule (we usually have Sunday SAT/ACT group class at 2 – 5 pm open to students from any locations). Each session is 8 “continuous” weeks. You may start your prep session anytime; however, if you plan to take the test on a specific date, please see the “Suggested Class Starting Date” below. We actually suggest you should take some 1-on-1 private lessons after this group program in order to target your weakness. Our experience has shown this would be the better way to advance your scores. If you have any questions, please check our website at [http://satbymba.com/mths-ptc\\_sat\\_program.php](http://satbymba.com/mths-ptc_sat_program.php), e-mail [satbymba@gmail.com](mailto:satbymba@gmail.com), or call/text our cell at (973) 960-9093.

**Class Location:** **Montville Twp. High School, Room# 304**

**Registration Fee:** \$25/session (will be exempted if you register a week before your class starting date)

**SAT Textbook:** The Official SAT Study Guide, 2020 Edition (by the College Board)

**ACT Textbook:** The Official ACT Prep Guide 2019-2020 (by ACT)
